Date 21-05-18

Dear Friends & Colleagues !!

Congratulation to Evation Business Solution Pvt. Ltd. for their initiative to host the International Conference on Fisheries & Aquaculture (Aquatek-2018), during November 27-28, 2018 at the land of Lord Jagannath, Puri, Odisha, India.

Being the Minister of Fisheries & Animal Resource Development Department, Government of Odisha, I take the privilege to welcome all the Fisheries & Aquaculture Specialists around the World to the holy land of Odisha and to attend this International Aquatek-2018 Conference.

I believe that this Aquatek-2018 will be the befitting platform to discuss the recent innovations and future challenges in the Aquaculture Sector and enlighten the World with your opinions and ideas to enhance the society and empower the farmers & fishermen.

The State of Odisha is bestowed with large inland, freshwater, brackish water and marine resources. It offers a huge scope for development and investment in this sector. By harnessing this sector, the aquaculture could be substantially amplified to meet the domestic demands, create a huge employment, provide opportunities for the rural poor people and enhance their food and livelihood security.

I am confident that this Aquatek-2018 will serve as a catalyst to connect multidisciplinary aquaculture experts under a single roof to plan the future sustainable aquaculture development and work together for the benefits of society.

Hope you will have a pleasant stay at Puri, Odisha, India and will carry the best experience ever.

(MINISTER)
